To Whom It May Concern:

It is with great pleasure to provide this letter of recommendation on behalf of Arthur/Marshall. Saint Francis Medical Center and Arthur Marshall have enjoyed a successful relationship for over five years. Consistently, I have been able to rely on their consultants to provide quality candidates, consistent service and timely communication.

Arthur/Marshall has saved me a great amount of time and energy through their efforts. I have complete confidence in their firm's expertise and professionalism. This confidence is confirmed time and again, across a number of specialties and employment arrangements.

In my professional opinion, I would recommend Arthur/Marshall to any facility evaluating outside assistance.

Sincerely,

Alex Ogburn
