To Whom It May Concern,

It is an absolute pleasure to write this letter of recommendation on behalf of Cody Hall and his team at Arthur | Marshall. From the very beginning of the process meeting with Cody through the placement of our physicians; our entire experience was not only excellent but ultimately successful.

I was skeptical about engaging a full service retained firm, but after meeting with Cody and hearing about Arthur | Marshall's meticulous attention to detail we decided to make the investment in them. The process was everything he said it would be from the strategic community & practice profile to the constant communication from our recruiter throughout the entire process. The Arthur | Marshall team consulted & advised us throughout the process and was able to help us overcome several challenges we faced along the way.

Our recruiter went to great lengths to learn about our community, our opportunities, and understanding exactly what kind of physician would be the right fit for us. Arthur | Marshall did a great job vetting our candidates. The quality of the candidates was second to none and with the Arthur | Marshall dossier, we were given a complete & detailed look at each candidate. When our candidates came out for their on-site interviews, we realized they were not only well screened, but very well prepared for their interviews and were all prepared to make a decision.

I would definitely recommend Cody and team at Arthur | Marshall to any facility needing a physician. Our experience has been one of great satisfaction and success

Thank You
